Yes, that was call. There wasn't anything substantive discussed. I actually wondered why they even requested it.

Jessica is compiling various notes that we will include in the South Fork docket and I'll share those with you.

Hi Eric,

Here is the Ocean Wind NOI. Let me know, when you got chance, about the interpretation that Orstead was referring to.

By the way, did the call between HQ and Orstead take place? Or that was call you just had with them?
